IRIS

JULY TRANSPLANTING AND SURPLUS SALE

We have several acres of two year old Iris plants that must be sold in July to make room for new Iris plantings. We do not want to wait until late in the season to make this offer. Some of you, also ourselves, lost Iris this last year due to late fall planting. July is the best month and August is second best for planting Iris. After that it is getting late.

We are offering you this July sale of Iris to make room for us to plant in August. PLEASE RUSH!!! These Iris from two year old stock will not average as large as the Iris offered in our catalogue. Orders from our Catalogue are filled from our one year old plantings which produces a larger Rhizome. However, these two year old Iris are very nice and in most instances are large enough for resale. DON'T DELAY!!!

ORDERS SHIPPED IN ORDER RECEIVED.
ORDERS SHIPPED, EXPRESS COLLECT.

No single item for less than \$ 1.00. Be sure and name some second choice varieties. All 10 must be all of one variety.

10 of one variety for \$ 1.00
